Module Handbook
XTC/XTE-3210
PGCE Primary
School Experience

School experience is an essential aspect of all initial teacher education courses. This module is your opportunity to observe learners and teachers in school, to try out new ideas and professional experiences and, most importantly, to reflect and improve on your own practice.

Overall aims and purpose

This module will:

- Support you to develop a range of skills autonomously (including building on your knowledge of the Welsh language to promote 'Cymraeg Pob Dydd') and reflective practice to satisfy the requirements of the Professional Standards for Teaching and Leadership (PSTL) to become a qualified teacher and contribute to the learning community;
- Ensure you are thoroughly aware of how the application of knowledge and reflective practice provides enriched learning experiences for learners;
- Support you to independently identify a wide range of techniques to become critically reflective about your own professional development and integrate into the school environment;
- Provide opportunities for you to develop understanding of the content, principles and foci of XTC/XTE4211 and XTC/XTE4213 in context.

Module Content

The secondary school based experience module will develop your competency in teaching and learning. It will include collaboratively led close to practice seminars (in placement setting) that will inform how you teach and observe in the school. The structure will follow a progressive staged approach to learning how to teach.

An indicative pattern is outlined below:

Stage 1: Preparatory (HEI and Lead schools)

Stage 2: Integration (HEI, Lead Schools and Network Schools)

Stage 3: Development (Network Schools supported by Lead schools and HEIs)

Stage 4: Practice and implementation (Network Schools supported by Lead schools and HEIs)

Stage 5: Debrief and reflection (HEI and Lead schools)

Stage 6: Further implementation in second school (Network Schools supported by Lead schools and HEIs)

Stage 7: Consolidation of subject knowledge skills and practice in second school (Network schools supported by Lead schools and HEIs)

Stage 8: Autonomous development and enrichment (Network schools supported by Lead schools and HEIs)

These stages will include:

- weekly cluster teaching and review events;
- observations and preparatory development;
- close to practice research (small scale inquiries);
- integration into the teaching environment;
- higher order skills practice and implementation;
- mentoring and self-reflection;
- further implementation through practice;
- consolidation of skills and practice;
- continued autonomous development and enrichment of your practice.

Assessment

During the module you will continually reflect on your progress with your colleagues and mentor and upload relevant evidence to the Personal Learning Passport. At the end of the module, you will demonstrate that you have made satisfactory progress against the Professional Standards for Teaching and Leadership. For this module, pass or fail is recorded at the exam board using the PSTL. All details of assessment against the PSTL are included in the PSTL Assessment Handbook and details of how to use the PLP are available online.

Learning outcomes

On successful completion of this module you will have

- Critically examined the practices, assumptions and theories underpinning the planning for and structuring of pupils' learning and the management of their behaviour in secondary schools from the perspective of policy, research, theory and current practice;
- Demonstrated a sophisticated understanding and experience of teaching that ensures all learners develop the capacity to be ambitious and capable, enterprising and creative, ethical and informed, healthy and confident as required by the curriculum;
- Demonstrated a profound understanding of Additional Learning Needs (ALN) from different perspectives and the evaluated steps taken to address them;
- Managed and organised classrooms to promote a culture of high aspiration and behaviour which supports learning;
- Enrich learners' sense of community and cultural values by applying your knowledge of the Welsh curriculum;
- Reflected critically on your progress and collaboratively set targets with your mentor in order to meet or exceed the Professional Standards for Teaching and Leadership.

Progression in Bilingualism

You will be introduced to bilingualism in the context of the distinct Welsh curriculum, and the different ways that this is addressed in the different school settings (Welsh medium, bilingual and English medium). You will also study the aims and goals of bilingual education from different perspectives, consider EAL education and look at the specific issues associated with assessment of bilinguals. Subsequently you will consider the expected and realistic outcomes for different types of bilinguals. You will be made aware of and come to understand language policies in operation in schools and specific strategies that are built into the curriculum to address learners' language skills.

Research informed delivery and research-based teaching

The content and delivery of the module will encourage you to offer advanced critical review of the importance of being consumers and producers of research and to analyse, synthesise and critically reflect on the spectrum of research that informs teaching practice. You will also critically evaluate practice-based and close-to-practice research. The module will develop your knowledge of a 'culture of enquiry' within self-improving school systems, schools as learning organisations, and the importance of developing and participating in Professional Learning Communities. Specific research shared during network events will link closely to the content of XTE-4211 and XTE-4213 and will be used to inform assessments for these modules.

The Professional Journal

Throughout the module you will have many opportunities to observe, practice and reflect. You will keep research notes in a professional journal which is structured to support your progress as a new AT.

Reflective Practice

In addition to the initial induction to effective teaching this module will focus on two essential practitioner research skills: observation and reflection. You will use three theoretical models to frame your analysis of learning and teaching

Ebbutt's Questions

When observing or reflecting on learning and teaching, use the following questions to facilitate your analysis of learning and reflection on practice:

- *What did the pupils actually do?*
- *What were they learning?*
- *How worthwhile was it?*
- *What did I do? (What did the teacher do?)*
- *What did I learn?*
- *What do I intend to do next?*

Ebbutt, 1985, in Hopkins, D., 2014. *A teacher's guide to classroom research*. London, UK: McGraw-Hill Education

Lesson Study

Secondly, during your first placement, you will analyse teaching and learning alongside your mentor using a **Lesson Study** (Cajkler et al., 2013).

Cajkler, W., Wood, P., Norton, J. and Pedder, D., 2013. Lesson study: towards a collaborative approach to learning in initial teacher education. *Cambridge Journal of Education*, 43(4), pp.537-554.

Lesson Study

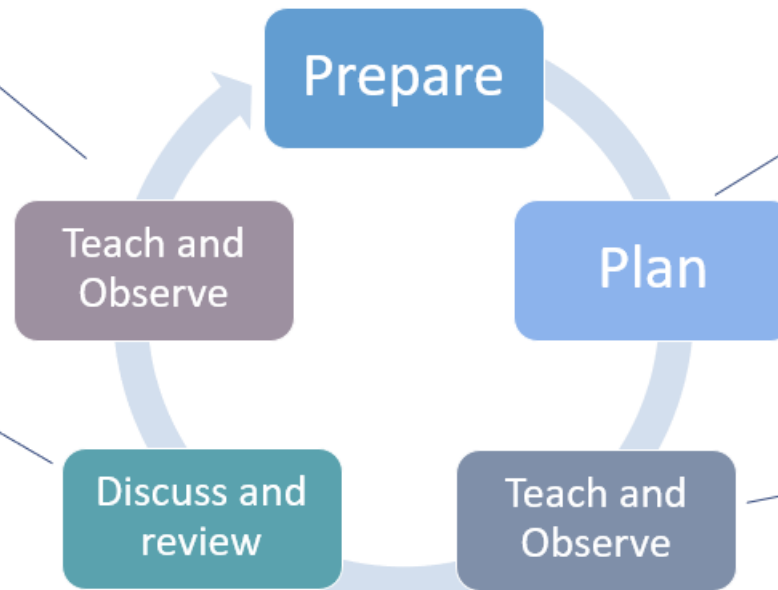

Aims

- for ATs to co- plan with expert teachers in context;
- for mentors and ATs to observe and analyse learning ;
- to identify implications for subject related pedagogy.

HEI tutors initially train mentors and ATs in the use of the Learning Study cycle. They stress the need to focus on the observation of learning (not teaching strategies and behaviour) and emphasise mutual regard to avoid inducing anxiety in the ATs.

The revised lesson is taught by the **AT** to a different group (this may be problematic in some settings) and the learners are observed by the **mentor**. The lesson is then analysed and informs the next research cycle.

The **mentor** and **AT** evaluate the lesson using the **AT's** notes and the video. The discussion is centred on the learning; it is not intended that the mentor models good teaching strategies to be imitated by the AT. The original lesson is improved as a result of the analysis of the learning of the case students.

The mentor and AT identify a specific challenge their learners have with an aspect of learning. Once the focus and the target learners are chosen, the mentor and AT plan the research lesson in detail, focusing on the intended learning outcomes of the whole class but with an added attention given to on three learners chosen to be closely observed.

The first lesson is taught by the **mentor**, the expert practitioner whilst the **AT** observes the learning of the three case learners. Detailed notes are taken by the AT and subsequent analysis of the research lesson is facilitated by a video recording

Provision	Initial mentor meeting with tutor input (note mentors will become autonomous overtime)
Tutor time	One hour meeting in school with mentor and AT
Mentor time	Initial meeting with subsequent observation and reviews held during mentor meetings.

Theoretical basis	Lesson Study (Lewis, 2000) has been shown to encourage and develop collaboration within Professional Learning Communities. Adaptation of the model to ITE suggests that Lesson Study is an effective tool for mentor development in addition to being successful in accelerating ATs' progress (Cajkler et al., 2013).
--------------------------	--

The Knowledge Quartet

The third reflective instrument is also a set of questions; this time they are classified according to four different types of knowledge known as the **Knowledge Quartet** (Rowland et al. 2005)

Foundation knowledge (SMK)	Transformation knowledge (PCK)
<p>What did the teaching and learning in this lesson reveal about:</p> <ul style="list-style-type: none"> • the teacher’s subject knowledge; • their knowledge of the curriculum; • their beliefs about the nature of the subject; • their beliefs about teaching and learning; • their knowledge of the pupils? 	<p>Which teacher activities (demonstrations, practical work, instructional materials and assessment) did the teacher use to facilitate the pupils’ learning?</p> <p>Why did they choose these methods?</p> <p>Was it clear to pupils what they were supposed to be doing, why they were doing it and what they would be learning?</p> <p>How did the teacher support the pupils to understand concepts?</p> <p>What helped the pupils to learn? (When did the pupils learn the most during the lesson?)</p>
Connection knowledge	Contingency knowledge
<p>How did the teacher make connections between activities <u>during the lesson</u>?</p> <p>How did the teacher ensure a logical sequence of activities?</p> <p>How did the teacher make connections with prior and future learning?</p> <p>How did the teacher link the learning objectives with the activities?</p> <p>How did the teacher link the activities to the curriculum?</p>	<p>How did the teacher respond to students’ ideas?</p> <p>Were there instances of unplanned events occurring: e.g. a student asking an unexpected question, a lack of resources or something ‘going wrong’? If so, what were they and what did they signify?</p> <p>How did the teacher respond/cope?</p>

Brookfield's Lenses

And finally, Brookfield (1998) uses four lenses to analyse professional reflection:

Autobiographical	Learners' Eyes
<p>How does our own history influence the ways we behave? We must consider:</p> <ul style="list-style-type: none"> • how personal experiences have influenced our beliefs • why we choose certain approaches over others • how our own failures and successes influence our choices of pedagogy. 	<p>What do the learners think of me and the way that I teach? We should:</p> <ul style="list-style-type: none"> • create a safe space for pupil voice. • be sensitive to their needs during lessons and respond sensitively • adapt our teaching and planning according to their needs.
Colleagues' Experience	Theoretical Literature
<p>Having critical conversations with peers enables us to:</p> <ul style="list-style-type: none"> • gain an additional perspective • evaluate more effectively and critically • broaden our approaches • change our practice. 	<p>Reading academically literature can:</p> <ul style="list-style-type: none"> • help me identify and label my teaching approaches or pedagogy • explain success and failure • explain the complexity of the classroom • introduce me to new and effective approaches

Professional Responsibilities

During your school placement, you should complete the following activities:

- Accompany a teacher on duty one day a week.
- Assist with class's administrative duties under the guidance of the mentor or form tutor
- Prepare a display of children's work

Legal Requirements

- Obtain a copy of school's Child Protection, Anti-Bullying, Discipline and Restraint Policy (this may be an electronic or hard copy).
- Ensure you complete the child safeguarding page for both the lead school and the network school in your professional journal.
- Read the code of professional conduct online before the placement starts and complete the table in your JournalCaban's Eight Stages of AT Development (Dates included in the weekly breakdown in this handbook)

CABAN's Eight Steps of AC Development

Stage 1

Focus: Begin to understand how learning is planned for in different contexts and at different stages of development (holistic development)- supports assessment.

Linked Assessments:

Subject Studies Critical Portfolio – identifying key readings and lecture notes and their implications for ATs' practice and beliefs

Stage 2

Focus: Further consolidate and build on awareness of planning for learning in different contexts (holistic development) and managing behaviour and learning. Begin to understand assessment and its impact on pupils' learning.

Developing practice: Micro teaching/team teaching/guided mentor phased teaching (up to 30%)

Linked Assessments:

Subject Studies Portfolio – identifying practice and its implications for ATs' practice and beliefs

PPC Assignment Part A

Welsh Portfolio Part A

Stage 3

Focus: Further consolidate and build on planning for learning in different contexts (holistic development)/Focus on short term planning. Begin to identify ways in which cross-curricular responsibilities can be embedded and develop awareness of subject specific pedagogies (Subject Studies 1.1, Literacy and Numeracy). Identify the personal literacy and numeracy skills in need of development

Developing practice: progress from microteaching/team teaching as appropriate to more autonomy and fuller lessons (responsibility for planning and delivering 3-5 hours of lessons).

Linked Assessments:

SE module: First observation and completed Pedagogy Assessment Form (PAF 1).

Stage 4

Focus: Further consolidate and build on planning for learning (holistic development).

Developing practice: Autonomy and fuller lessons (responsibility for planning and delivering 8 hours of lessons).

Linked Assessments:

Subject Studies Critical Portfolio – complete lesson study.

PPC Assignment Part B

SE module – Observations (PAF 2).

Welsh Portfolio Part B – implement strategies and collect evidence.

Stage 5

Focus: Debrief and reflect on first school experience. Develop expertise in research methods (action research and further data collection methods). Observation and reflection in the previous primary phase.

Linked Assessments

Subject Studies Critical Portfolio – submit the assignment.

Subject Studies Professional Enquiry – identify likely focus and prepare methods.

PPC Assignment Part B – final preparation and submission

Welsh Portfolio Part B – complete and submit.

Stage 6

Focus: Critical observation of effective practice. Planning and teaching in a new context.

Developing practice: Increased autonomy and complete lessons (responsibility for planning and delivering 12 hours of lessons).

Linked Assessments

Subject Studies Professional Enquiry –action research in the classroom.

School Experience – Observations (PAFs 3 – 5).

Welsh Portfolio part C – complete and submit.

Stages 7 - 8

Focus: Consolidation of Skills and Practice.

Developing practice: Achieving autonomy and teaching complete lessons with responsibility for planning and delivering up to 15-16 hours of lessons. The additional teaching may be team teaching, teaching in the 6th form, bespoke support for small groups in GCSE revision classes etc.

Linked Assessments

School Experience – Observations (PAFs 6 – 8).

School experience schedule

The following pages show a detailed plan of the eight stages of the School Experience Module

Lead school
Network school
HEI
AoLE in Expert school

NLM – Network Lead Mentor

PM – Principal Mentor

SM – School Mentor

PAF – Pedagogy Assessment Form

SER – School Experience Report

AoLE – Area of Learning and Experience

<p>Welcome to the school - essential safeguarding (PM). This can be in pre-school setting or nursery/ reception within network school.</p> <p>Activity 1 Observe whole group with a focus on communication oracy/talk (adult talk, child talk and adult-child interactions).</p> <p>Activity 2 Observe the adults in the room. Focus on:</p> <ul style="list-style-type: none"> • Body language • Non-verbal cues • Interactions with children • Response to children • Initiation of activities <p>Activity 3 Observe the nursery/reception - parent transition at the end of the day. How do adults and children behave at the hand-over? Note interactions, language, emotion, body language of all parties.</p>	<p>Welcome to the school - essential safeguarding (PM). (If Day 1 is in a pre-school setting)</p> <p>Observe in a Yr 1, Yr 2 or mixed Yr 1/2 class</p> <p>Activity 4 How are the children welcomed? What is the role of the teacher? How are routines established at various stages of the day? Observe how adults promote positive behaviours.</p> <p>Activity 5 Observe a small group of children supported by an adult in a provision area.</p> <p>Activity 6 Take an active part in supporting the adults. Facilitate learning through play; reflect on the interactions between you and the children and between them as they play; evaluate your influence.</p>	<p>Observe in a Yr 3, Yr 4, or mixed Yr 3/4 class.</p> <p>Activity 7 Observe and analyse the classroom as the third teacher:</p> <ul style="list-style-type: none"> • How does the environment inspire the children? • How does the environment encourage collaboration and communication? • How does the environment encourage the child to explore ideas and concepts? • How accessible are tools and materials for the children? <p>Continue to analyse routines – how are they sustained? Which ones are more effective?</p> <p>Activity 8 Continue to observe strategies to promote positive behaviour when relevant to an individual child. Track an individual child throughout the day. Focus on:</p> <ul style="list-style-type: none"> • Transitions • Interactions • Activity • Talk 	<p>Lead School Day</p> <p><u>PPC</u> See handbook and Blackboard for details</p> <p><u>Cymraeg</u> See handbook and Blackboard for details</p>	<p>Observe in a Yr 5, Yr 6, or mixed Yr 5/6 class.</p> <p>Activity 9 Observe a small group of 4-6 children and note, in detail, how they interact with each other. Identify the implications of these interactions on teaching and planning for learning.</p> <p>Activity 10 Extended reflection. Review of the whole week – from whole class interaction to group activities in the different classes.</p> <ul style="list-style-type: none"> • What did you notice? • How did the pupils talk? • What did they do in groups? • How did they interact? • How did the pupils interact with the adults? • What did they do? • What did they learn? <p>Post this as a Professional Learning Template to the PLP and link to the element Progression in Learning</p>
<p>Reflect: At the end of each day reflect in groups/pairs on the observation of learning and teaching</p>				

NB: All activities are to be provided within the constraints of the school, the class and the mentor’s timetable. This timetable is an example.

<p>Welcome to the base class ATs Observe whole class in years 0-2 years or 3-6 with a focus on oracy/talk (teacher talk, pupil talk and teacher-pupil interactions). Stage 4 (2 weeks)

05/12/2022 & 12/12/2022

ATs plan and teach full lessons as agreed with the mentor and take responsibility for 8 hours of lessons.

All activities are to be provided within the constraints of the department and the mentor's timetable. The timetable below is an example.

Monday – Friday	Thursday	Mentoring
<p>Plan and deliver lessons which include the CCRs.</p> <p>ATs should teach 8 hours. If this is not possible, an Enhanced Support Plan should be implemented.</p> <p>Plan autonomously with mentor support</p> <p>Continue to support and observe, looking at ALN, Equity, assessment for learning. Include in Critical Portfolio</p> <p>Complete follow on tasks from Welsh seminars (<i>Cymraeg Pob Dydd and Cwricwlwm Cymreig</i>).</p> <p>Continue to reflect in pairs once a week and link to upload of evidence to the Professional Learning Passport (PLP).</p> <p>Complete ICT task for Skills Workbook</p> <p>Complete Lesson Study – reflections feed into Critical Portfolio</p> <p>Final week: Prepare Critical Portfolio for Subject Studies review session</p>	<p>Lead School Day <u>PPC</u> See handbook and Blackboard for details</p> <p><u>Cymraeg</u> See handbook and Blackboard for details</p>	<p>Mentor meeting Check Professional Journal Check planning Complete formal observation, complete Pedagogy Assessment Form (PAF 2), review progress and set targets with the AT</p>
	<p>HEI Day <u>PPC/Subject Studies</u> See handbook and Blackboard for details Review Critical Portfolio</p>	<p>Mentor meeting Complete and discuss School Experience Report (SER). Review Professional Learning Passport (PLP) evidence.</p>

ATs plan and teach full lessons as agreed with the mentor and take responsibility for 12 hours of lessons by the end of the placement.

All activities are to be provided within the constraints of the school, the class, and the mentor’s timetable. The timetable below is an example.

Introductory Week

Monday, Tuesday, Wednesday, Friday	Thursday	Mentor meetings
<p>Welcome by the Headteacher and essential safeguarding, H&S (PM). School tour with a focus on school as a community Induction to school ethos and routines. Introduction to the class and the mentor. Observation, looking at learners, interactions and behaviours Focus on pedagogy and become familiar with resources and schemes of work. ATs teach two lessons to small groups (supporting mentor’s main lesson) and discuss outcomes based on AT’s and mentor’s assessment of learning.</p>	<p>Lead School See handbook and Blackboard for details</p>	<p>Mentor meeting Review of previous placement, including sharing of final PAF from previous SE.
